INTRODUCTION

IMSE is pleased to introduce ourselves as an independent stockist and distributor of engine parts and technical equipment. IMSE works together with genuine makers, and/or licensees makers, and/or approved original subcontractors (OEM-suppliers). IMSE supplies technical equipment and spare parts to ship owners, power stations and traders worldwide. All major parts are approved by Class Society. All parts supplied have one year warranty.

IMSE, founded in 1986 in Antwerp, Belgium, specializes in 4-stroke diesel engine spares, both new and reconditioned parts suitable for ABC, CMI Cockerill, Deutz, Pielstick, Wärtsilä, MAK, MAN and many other brands.

IMSE has its own brands with PT Pistons, VT Valves, Liners and Cylinder Heads.

With offices in Antwerp, Kuala Lumpur, Nanjing, Jakarta and Rio de Janeiro, IMSE is there and when you need us.

IMSE is an independent sales channel for Alfa Laval and Westfalia equipment for Marine & Diesel applications. IMSE supplies equipment and spare parts suitable for compressors (Atlas Copco, Hamworthy, etc.), pumps (Allweiler, IMO, Taiko Kikai, etc.), electric motors (ABB, etc.) and other technical equipment.

With our wide range of stock and inventory, IMSE is able to respond efficiently to our customers' needs. Our technical know-how and experience makes us your ideal foothold.
